Adding color module support to your theme in Drupal 7 Posted: 09/11/2011 Creating custom pane This tutorial will show you how to use Views and Panels to override the standard node output to display the images of the gallery in a grid.

Read more Creating your own personal bookmark site like Delicious in Drupal 7 Tuesday, 27 can use to easily roll out new sites quickly and easily for those who don't

The following contrib modules are required: Views Ctools Colorbox I personally prefer Colorbox to some of the other lightbox modules, but feel free to use whichever one you want, they should all work in the same way.

The tutorial will assume that you have Drupal 7 already installed and ready for use. want to pay for a bespoke design.

This tutorial will show you how to define your own styles as well as add a settings form to it so you can allow users to further configure the styling of the pane.
