An alternative can be found in Shadowbox.

The following contrib modules are required: Views Ctools Colorbox I personally prefer Colorbox to some of the
other lightbox modules, but feel free to use whichever one you want, they should all work in the same way.

The main problem with this is ending up with one theme for all, to get around this with out having to do any
development work is use Drupal's core colour module which allows the user to select the colours of certain areas.
