posts Adding color module support to your theme in Drupal 7 Wednesday, 9 November, 2011

Visiting <http://en.wikipedia.org/wiki/Special:Random> in your browser will automatically redirect to a random article and the code takes in to account the redirect and gives you the information on the last page in the redirect. If you are setting this up a lot it can become tedious, or maybe it's the first time but you don't want to spend hours finding out what modules need to be installed to get the required result.

Read more Creating custom pane styles in Drupal 6 Friday, 4 November, 2011 - 12:25 In Panels you can change the style of panes very easily using some presets from the Panels module.

Sorry but I will be using the English spelling, too used to typing with the 'u'.
