Read more Creating custom pane styles in Drupal 6 Friday, 4 November, 2011 - 12:25 In Panels you can change the style of panes very easily using some presets from the Panels module.

This tutorial will show you how to define your own styles as well as add a settings form to it so you can allow users to further configure the styling of the pane.

Visiting <http://en.wikipedia.org/wiki/Special:Random> in your browser will automatically redirect to a random article and the code takes in to account the redirect and gives you the information on the last page in the redirect. The tutorial will assume that you have Drupal 7 already installed and ready for use.
