can use to easily roll out new sites quickly and easily for those who don't

The tutorial will assume that you have Drupal 7 already installed and ready for use.

This tutorial will show you how to use Views and Panels to override the standard node output to display the images of the gallery in a grid.

This tutorial will show you how to define your own styles as well as add a settings form to it so you can allow users to further configure the styling of the pane.

Attribution most welcome.
